January 18, 2012

Dear Friend:

Communities are made up of individuals, businesses, and organizations that support each other for the betterment of all. The Manufacturers' Association has been an integral part of this community for the past 106 years. We are committed to making south central Pennsylvania a great place to live, work, and play.

We are excited to announce our Ninth Annual Golf Tournament to benefit Local Student Scholarship Funds, administered through the Employers' Education Foundation, an affiliate of the Manufacturers' Association. This event has raised needed funds to assist us in our mission to help the community. Every year many golfers participate, have a great time, and contribute to our worthwhile cause.

In addition to a great time golfing and a complete lunch and dinner; a raffle of donated items complete the event. Please consider donating items to our golf tournament and raffle. Your donation is needed to help us reach our goal.

As a donor we will give your company added exposure. We will list your company on the tournament program, put up a sign with your name on it and mention your company at the awards ceremony. Our event will be held on June 22, 2012 at Royal Manchester Golf Links and will host 150 golfers.

Please review the enclosed brochure on our event and if you have any questions please feel free to give us a call. Thank you for your consideration.

Sincerely,

Karin Shockey accounting@mascpa.org
